Dear Hiring Manager,

I am writing to express my interest in Vectra's DevOps Engineer position. My technical background, combined with practical experience, positions me as a strong fit for this role:

- **Automation & DevOps:** Developed an automation tool at **Honeywell** enhancing firewall security. Employed DevOps practices at **Lanzhou Data Management Bureau** to boost customer feedback by 25%.
- **Cloud & CI/CD Expertise:** Proficient in **AWS and Google Cloud Platform**. Implemented CI/CD practices in real-world projects, exemplified by my work at the Anti-Eviction Mapping Project.
- **Security Acumen:** At **Honeywell**, I monitored network traffic, proactively addressed security breaches, and enhanced the overall cybersecurity infrastructure.
- **Full Stack Skills:** As a Full Stack Engineer at **China Telecom**, I employed ReactJS to optimize user experience, achieving a 30% spike in user engagement.

Vectra's commitment to innovation and diversity resonates with me. I'm eager to bring my expertise to your team, driving progress in AI-driven threat detection.

Thank you for your consideration.

Sincerely,

Yingying Xu
